FERNWOOD DEVELOPMENTS (ONTARIO) CORPORATION
Respondent

AFFIDAVIT OF JORDAN ZUKOWSKI

I, Jordan Zukowski, of the City of Guelph, MAKE OATH AND SAY:

INTRODUCTION

- 1. I am the president of Fernwood Developments (Ontario) Corporation ("**Fernwood**"), and, as such, have knowledge of the matters contained in this affidavit.
- 2. I also have an interest in this matter as a personal guarantor of the indebtedness of Fernwood to the Applicant, MarshallZehr Group Inc. ("MarshallZehr").
- 3. The matters deposed to herein are within my personal knowledge except where otherwise indicated. Where I indicate that I have obtained information from other sources, I believe that information to be true. Copies of documents attached hereto as exhibits are true copies of the documents so identified.

- 4. I make this affidavit in response to the Motion of the Receiver, RSM Canada Limited ("**RSM**"), and to the Third Report of the Receiver, dated April 30, 2021 (the "**Third Report**").
- 5. I have reviewed the Asset Purchase Agreement found at Appendix "E" to the Third Report (the "APA") and note that the secured indebtedness of Fernwood to MarshallZehr is asserted as being \$26,423,579.49 for principal and interest in section 1.1(ss) of the APA, and that a portion of the purchase price will be satisfied by applying \$24,929,000 of that purported indebtedness.
- 6. Fernwood is <u>not</u> indebted to MarshallZehr in the amount of \$26,423,579.49, nor any amount equal to or in excess of \$24,949,000
- 7. The quantum of Fernwood's indebtedness to MarshallZehr is in issue in litigation commenced by MarshallZehr to enforce my guarantee (and that of my Father, Rudi Zukowski), and that quantum has not yet been determined in that (or any other) proceeding. MarshallZehr did not seek such a determination in its Notice of Application in this proceeding.
- 8. I have disputed, and continue to dispute, the quantum of Fernwood's indebtedness to MarshallZehr, including because it appears to include advances made by MarshallZehr from the credit facilities at issue to third parties, in particular Nationwide Rentsure Canada Corporation ("Nationwide") or entities related to it, including Ai Guarantee Inc. ("Ai"), RentSure Membership (Canada) Corporation ("Rentsure"), and Pensio Property Management Group Inc. (all of which are referred to herein collectively as "Pensio").

-3-

9. Those advances were purportedly made as pre-payments on rental guarantee contracts with Pensio (or its predecessors) for units in a condominium project Fernwood was constructing (the "**Project**"), copies of which I attach hereto as Exhibits "A" and "B". Those

Exhibit "A": 5 Year Rental Guarantee Agreement, dated December 19,

contracts were entered into by Fernwood at the direction of MarshallZehr.

2016

Exhibit "B": 5 Year Rental Guarantee Agreement, dated May 1, 2017

10. Key terms of both contracts include:

- (a) purchasers of units from Fernwood would receive an option for a rent guarantee guaranteeing the payment of rent at a fixed minimum amount for a period of five years; and,
- (b) Fernwood would pay a fee of 6% of the purchase price to Pensio for a given unit for the granting of this option, with a portion due upon execution of an agreement of purchase and sale, and a portion due upon closing.
- 11. In other words, no payment was due until a unit was sold, with that payment being a function of the purchase price of the unit.
- 12. 36 of the 94 units in the Project have been sold. The fees on those units were paid by Fernwood on January 10, 2017, in the amount of \$314,912.92, and on February 23, 2017, in the amount of \$287,920.61, as reflected in the reconciliation provided by Pensio to RSM, a copy of which I attach as Exhibit "C". I note that despite the payment of that amount (and

despite the Receivership Order), Pensio purported to cancel the rent guarantees for those units on March 26, 2020, to the knowledge of RSM, despite the requisite fees having been paid.

Exhibit "C": Rental Income Program Fees (pre-HST) for Blocks 1-6

- 13. 26 of the units that were ready for occupancy but not sold by Fernwood resulted in payments to Pensio of \$113,000 (June 23, 2017) and \$137,789.60 (December 20, 2017). This was determined on a pre-determined future sales price on agreement of MarshallZehr and Pensio. Fernwood supported the June 23, 2017 payment, but the December 20, 2017 payment was made unilaterally by MarshallZehr at a time when it was not approving trade payments that Fernwood sought payment of and that the Project cost consultant had approved.
- 14. This payment to Pensio was not approved by the Project cost consultant, it was not in Fernwood's interests for this advance to be made and, in any event, Fernwood had secured tenants for the units covered by that payment by that time, rendering the guarantee program of no benefit to Fernwood. Unlike ordinary trade payments, which were made by cheque, MarshallZehr made the unilateral December 20, 2017 payment by wire transfer, as shown in the spreadsheet attached as Exhibit "D", which is an internal MarshallZehr document that was provided to me.

Exhibit "D": Spreadsheet prepared by MarshallZehr

15. Out of a draw on May 11, 2018, MarshallZehr issued payment to Pensio (specifically, the Nationwide entity) in the amount of \$373,654. The broader draw that this payment formed a part of is shown on that date in Exhibit "D" as well.

- 16. This was for units in the Project that were not even built yet. This payment was not requested by Fernwood, approved by the Project cost consultant, nor contractually due to Pensio. Additionally, with construction ongoing, this payment was also harmful to Fernwood, which required this money for payment of trades in order to advance the Project.
- 17. This payment was made via a "positive pay" system that MarshallZehr required be utilized for the loans at issue. Although the payments were issued from an account in Fernwood's name, that account was controlled by MarshallZehr, which had the power to issue payments unilaterally and to refuse the issuance of any payment that Fernwood sought to have made.

RENTS COLLECTED

- 18. As of June 2017, Pensio, with the consent and approval of MarshallZehr, began collecting and retaining the rents from the Fernwood-owned units, despite the fact that MarshallZehr held a registered General Assignment of Leases and Rents. It is not in dispute that Pensio collected a significant amount of money in this fashion (above and beyond a contractual property management fee). I note that RSM identified this unusual arrangement at paragraph 43(c) of its First Report.
- 19. As the Project encountered difficulty in late 2017, MarshallZehr directed Fernwood to transfer complete control of the Project to Pensio, failing which I was advised that a receiver would be appointed. MarshallZehr represented that Pensio had arranged for a sale of the remaining units in the Project (both those constructed, and those awaiting completion) to an entity related to it. In reliance on this representation, Fernwood agreed to this as a way to exit

the Project and in December 2017, Pensio took control of the Project, including the authorization of invoices for payment (in conjunction with MarshallZehr). Fernwood entered into subsequent agreements with Pensio in relation to the management of the Project in reliance on the representations about a pending block sale that were made to it by MarshallZehr and Pensio.

- 20. Despite the fact that Pensio was in actual control of the Project as though the contemplated sale of the Project had taken place, the sale of the remaining Fernwood-owned units to Pensio (or an entity related to it) never took place.
- 21. According to the accounting that Pensio provided to the Receiver, it collected and retained rents as follows:

Time Period	Amount
June 2017-April 2018	\$345,97 0
June 1, 2018 to July 31, 2018	\$135,000
August 1-31, 2018	\$65,000
September 1, 2018 to November 2019	<u>\$975,000</u>
Total	<u>\$1,520,970</u>

22. The Pensio accounting does not include amounts collected for the months of December 2019, January 2020 or February 2020, at \$65,000 per month, resulting in a further \$195,000 in rent being collected by Pensio for that three month period.

- 23. As set out above, Pensio has already been overpaid as a result of the May 11, 2018 payment that MarshallZehr unilaterally made to it out of funds purportedly loaned to Fernwood. Given that Pensio has been overpaid, that MarshallZehr held an Assignment of Rents, and that Pensio collected these amounts as a result of the directions and representations of MarshallZehr, it is my position that these amounts (less the contractual property management fee) should properly reduce the Fernwood indebtedness or otherwise constitute a set-off against that indebtedness.
- 24. The accounting in this matter is complex. In preparing this affidavit I have relied on what information has been made available to me by MarshallZehr and information provided by RSM in its reports. Production and discovery will be required to properly determine the quantum of Fernwood's indebtedness to MarshallZehr.
- 25. I recognize that, in a vacuum, it may seem inexplicable that a secured creditor would facilitate a third party receiving amounts properly due to the secured creditor.
- 26. After the fact, I was advised by Pete Waters, a former consultant to Pensio, that Pensio was assisting MarshallZehr with a problem project MarshallZehr had financed in Woodstock, Ontario, at the same time as the Project. I was advised by Pete Waters, and verily believe, that Pensio, with the concurrence of MarshallZehr, actually directed potential investor-purchasers from the Project to the Woodstock project (to the detriment of Fernwood). Accordingly, it appears that the preferential treatment MarshallZehr granted to Pensio (to the detriment of Fernwood) was in accordance with MarshallZehr's broader interests.

- 27. Despite request by Fernwood's counsel (coupled with an offer to enter into a suitable non-disclosure agreement), made initially on February 12, 2021, and repeated thereafter, Fernwood and its counsel have no particulars of the bids received by RSM during the Court-approved sales process. That said, I accept RSM's statement that the aggregate consideration for all of the Purchased Assets is materially in excess of any realization that RSM as receiver could otherwise expect to achieve, and I do not oppose the proposed sale being approved subject to terms that recognize the unresolved dispute regarding the quantum of the indebtedness and which protect the guarantors rights in that regard.
- 28. Accordingly, if the Court deems it appropriate to approve the proposed sale, the Court should make clear that any such Order is without prejudice to Fernwood's position (as well as the position of Fernwood's guarantors) as to the quantum of the indebtedness and any arguments Fernwood may have that it is in fact less than what MarshallZehr asserts.

Township of North Dumfries **SWORN** by Jordan Zukowski of the City of Guelph, before me at the City of Waterloo, in the Regional Municipality of Waterloo, on May 6..., 2021, in accordance with O. Reg. 431/20.
